K01 2150

**510(k) Summary  
as required by 807.92(c)  
for Patton Endo-Bag™  
Prepared July 5, 2001**

**Submitted by:** Patton Medical Corporation  
1000 Westbank Drive, Suite 5A200  
Austin, Texas 78746  
512 329-0469 Fax 512 328-9113

**Contact Person:** Michael T. Patton  
President

**Device Trade Name:** **Patton Endo-Bag™**

**Common Name:** Laparoscopic Specimen Retrieval System

**Classification:** Laparoscope, General & Plastic Surgery, § 876.1500, Class II

**Predicate Devices:** **ENDOPOUCH SPECIMEN RETRIEVAL BAG (K933104)**, manufactured by  
Ethicon, Inc., P.O. Box 151, Somerville, NJ 08876.

**PLEATMAN SAC SPECIMEN CONTAINER (K923945)** manufactured by Cabot  
Medical Corp., 2021 Cabot Blvd. West, Langhorne, PA 19047.

**Description of Device:**

The **Patton Endo-Bag™** is a single-use retrieval bag designed to temporarily contain organs or stones, and facilitate their removal from the patient without contamination during laparoscopic surgery.

**Intended Use of Device:**

The **Patton Endo-Bag™** is a device that is used during laparoscopic procedures to temporarily store and/or remove tissues.

**Substantial Equivalence to Predicate Device:**

The **Patton Endo-Bag™** is substantially equivalent to the Endopouch Specimen Retrieval Bag (K933104), manufactured by Ethicon, Inc., P.O. Box 151, Somerville, NJ 08876, and the Pleatman Sac Specimen Container (K923945), manufactured by Cabot Medical Corp., 2021 Cabot Blvd. West, Langhorne, PA 19047.

Re: K012150  
Trade/Device Name: Patton Endo-Bag  
Regulation Number: 876.1500  
Regulation Name: Endoscope and accessories  
Regulatory Class: II  
Product Code: GCJ  
Dated: July 5, 2001  
Received: July 10, 2001

Dear Mr. Patton:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 21 CFR Part 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4659. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address <http://www.fda.gov/cdrh/dsma/dsmamain.html>

Sincerely yours,

↪ Celia M. Witten, Ph.D., M.D.
